1 from.

2 Q. What are those ideas?

3 A. Most of the heroin that we encounter
4 in Cleveland comes from Mexico.

5 Q. Is that the black tar heroin or
6 other forms?

7 A. We don't secure a lot of black tar
8 anymore. Most of it is powder heroin.

9 Q. Okay. Are you aware of heroin also
10 coming in from China and other foreign
11 countries?

12 A. I'm sure it comes in. But the --
13 most of what we see in Cleveland, from what I
14 understand, comes from Mexico and other -- you
15 know, it comes through Mexico. I'm sure that
16 there's other ways to get it in. But it's my
17 experience that it's Mexican-cartel based, as
18 are most of the drugs we get.

19 Q. How about the fentanyl; where does
20 that come from?

21 A. Most of the fentanyl, that I know
22 of, most of it comes from China. That's where
23 it's produced I believe. And -- but we're also
24 seeing it coming in from the Mexican cartels
25 also.
